Avisa kashan Carpet Company was founded in Kashan by Ali Sadoughi, a prominent Iranian entrepreneur in 2013. Avisa Company used to produce 700 machine combed carpets with ASR weaving machine, but since 2014 by importing new machines such as VandeWiele or HCix2 of Belgian origin and imported The production of acrylic yarns from Turkey increased its production several times before.

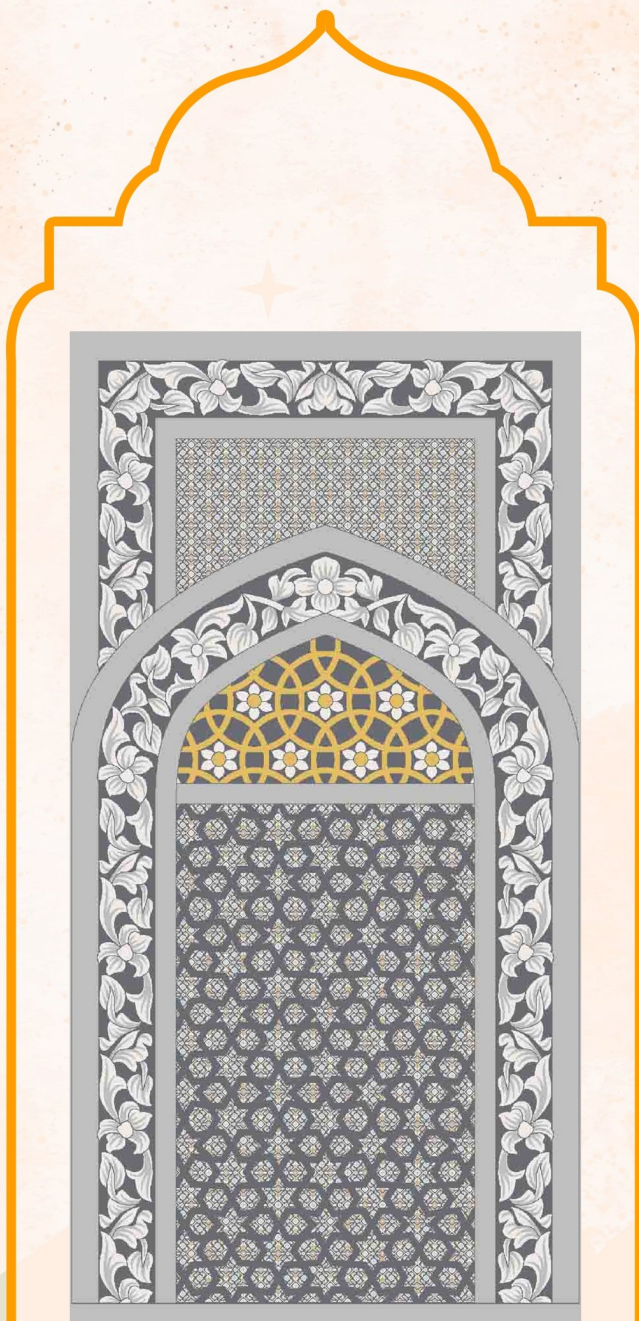

Avisa Carpet Company also guarantees that it produces its products according to international standards by having an international certificate.

Under the powerful management of Engineer Ali Sadouqi, Avisa Company has become a famous international brand and cooperates with more than 25 countries in Asia, Europe, Australia, South America and Canada. Avisa Kashan Carpet Company is a producer and exporter of 1500, 1200, 700, 500 and 400 comb carpets and also specializes in producing and sewing large fabric carpets.
